Bakú, ciudad anfitriona.

Bakú (o Baky, Бакy o Bakı en azerí) es la capital de Azerbaiyán. Está localizada en el costado sur de la península de Abseron y es el principal puerto azerbaiyano en el Mar Caspio. Fue fundada hace 1.500 años. En enero de 2005 tenía una población de 2.036.000 habitantes, de los cuales 153.400 eran desplazados internos y 143.400 refugiados. Es el centro de la ex región petrolífera de la antigua U.R.S.S. Según el censo de 2003 cuenta 1.900.000 habitantes, pero 3.000.000 de personas viven en la aglomeración, debido en particular al gran número de refugiados y de desplazados internos que ha arrojado la guerra de Nagorno Karabaj.

Se cree que el nombre Bakú proviene de los nombres en antiguo persa de la ciudad Bād-kube "باد کوبہ", que significa "Ciudad golpeada por el viento ", en donde "Bād" significa viento y "Kube" proviene del verbo "Kubidan", golpear.

También se piensa que Bakú proviene de la palabra Baghkuh, la cual significa Monte de dios. Baga (en la actualidad Bagh) y Kaufa (hoy en día Kuh) son las dos palabras del Antiguo persa para Dios y Montaña; el nombre Baghkuh puede tener alguna relación con Baghdad (Regalo de Dios) en donde la partícula dā es la palabra del antiguo persa para el verbo dar. En textos árabes la ciudad también es llamada Bakú, Bakukh, Bakuya, y Bakuye'.

Se han propuesto varias hipótesis para explicar la etimología de la palabra "Bakú". Según L.G. Lopatinski y Ali Huseynzade, Baku proviene del turco para colina. El historiador especialista en el Cáucaso K.P. Patkanov también sostiene la misma teoría, pero piensa que Bakú se origina en la Lengua Lak.

La Enciclopedia Islámica turca considera que la palabra "Bakú" proviene de la expresión "Bey-Kyoy", que en turco significa "la ciudad principal".

Otra propuesta consiste en que el nombre proviene del persa medio Bāgh-dād, o sea "El Jardín Donado". El nombre es preislámico y los orígenes no son claros, pero se le relaciona con asentamientos anteriores sin importancia política o comercial, por lo que según esta teoría habría la ciudad sido fundada en tiempos del Califato Abasí.

Mansur llama la ciudad "Madinah al-Salam", o "Ciudad de la Paz", como una referencia al paraíso. Este fue el nombre oficial en las monedas, pesos y otras cosas.

Los orígenes de Bakú se remontan siglo VI d. C.; sin embargo, sólo se tiene constancia escrita de su existencia desde el 885 d.C. Hay numerosas teorías sobre el origen de su nombre, pero las más aceptadas son las que afirman que Bakú viene del persa "bagh kuh" (la montaña de Dios) o de "bad kube" (la ciudad de los vientos), ya que, durante la mayor parte de su historia, Bakú perteneció a Persia. La ciudad ganó importancia tras el terremoto que destruyó la capital del khanat de Xirvan, Xemakha (Shemakha o Samaxi), en el siglo XII, cuando Ahistan I hizo de Bakú la nueva capital. Hasta principios del siglo XIX, la zona se denominaba Shirvan y fue ocupada por Rusia; de 1918 a 1920 fue elegida capital de la recién creada República Democrática de Azerbaiyán, de efímera existencia; a partir de 1922 fue la República Socialista Soviética de

Azerbaiyán; y en 1991 se convirtió en la capital de la nueva República independiente de Azerbaiyán.

La humedad es alta, tanto durante sus calurosos veranos como en sus duros inviernos. Durante el invierno se producen vientos huracanados impulsados por masas de viento polar. Las nevadas son poco frecuentes y es raro que la temperatura descienda por debajo de los 0 °C. Su temperatura media es (14.2 °C) es muy parecida a la de la Tierra en su conjunto. La zona suroccidental del Gran Bakú es mucho más árida, pues las precipitaciones anuales son inferiores a los 150 mm. En los alrededores de la ciudad hay varios volcanes de lodo (Keyraki, Bogkh-bogkha, Lokbatan and others) así como lagos salados (Boyukshor, Khodasan etc.).

El centro de Bakú está formado por la "ciudad vieja" fortificada que se inscribió —con la Torre de la Doncella (Qiz Qalasi) y el Palacio de los Shirvanshahs— en el Patrimonio mundial de la UNESCO en diciembre de 2000. Se trata del primer lugar de Azerbaiyán en ser inscrito en dicha lista. Con todo, subsisten dudas sobre la pertinencia de los criterios de restauración adoptados. Aun así, la Unesco extrae de la lista de Patrimonio de la Humanidad en peligro en la que estaba inscrita Bakú desde 2003 en la reunión del Comité en junio de 2009.

El crecimiento desmedido de la ciudad moderna, se ha producido al sur de la ciudad vieja, se ha originado después de que la explotación masiva de petróleo hubiera comenzado a principios del siglo XX. Está caracterizado por una arquitectura que entronca con las Bellas Artes, con una planificación en cuadrícula. La ciudad moderna se extiende fuera de las paredes de la vieja ciudad. Sus calles y sus edificios se alzan hacia la parte alta de las colinas que delimitan la bahía de Bakú.

La aglomeración de Bakú se divide en 11 distritos (Azizbayov, Binagadi, Garadagh, Narimanov, Nasimi, Nizami, Sabail, Sabunchu, Khatai, Surakhany y Yasamal) y 48 municipios.

La Bakú actual son tres ciudades en una: la ciudad vieja (o İçəri Şəhər), el ensanche y la ciudad construida en tiempos de los soviéticos.

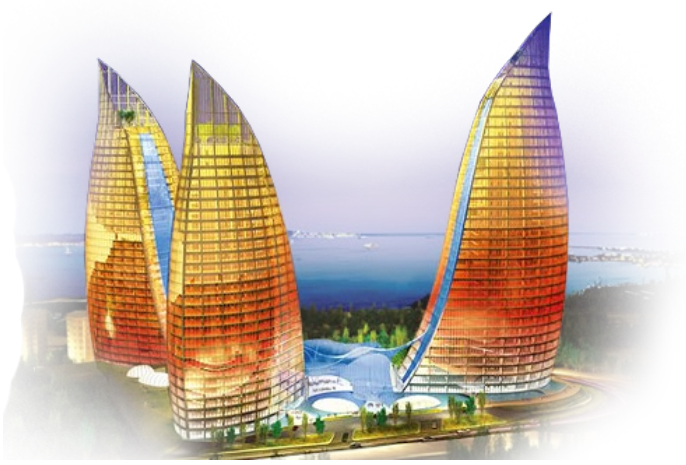

El centro de Bakú es la ciudad vieja, una antigua fortaleza. La ciudad amurallada de Bakú fue declarada por la Unesco, el diciembre del 2000, Patrimonio Mundial de la Humanidad. Aún se conservan muchas de las murallas y torres, que fueron fortificadas después de la conquista rusa el 1806. Esta parte es muy pintoresca, con un laberinto de callejas estrechas y empedradas y edificios antiguos. Entre ellos destacan el Palacio de los Sirvansás o Şirvanşahlar Sarayı (siglos XV-XVI), dos serrallos de caravanas (antiguas fondas), la Torre de la Doncella o Gız Galası (del siglo XI, con una bonita vista sobre el puerto), los baños persas y la mezquita del viernes (donde se encontraba el Museo de la Catifa y las Artes Aplicadas, y ahora nuevamente mezquita... por cierto, las catifas ahora están en el antiguo Museo Lenin). La ciudad vieja también tiene docenas de pequeñas mezquitas, muchas de ellas sin remates muestran detalles particulares que les distinguen del edificio vecino.

El ensanche, al sur de la ciudad vieja, fue construido después del inicio de la explotación masiva del petróleo hace un siglo aproximadamente, y presenta una interesante arquitectura historicista. Aquí es donde se ubican los museos de bellas artes, de historia y de literatura, todos se encuentran albergados en mansiones de millonarios de antes de la Revolución rusa.

La Bakú moderna se encuentra más allá de las murallas, con las calles y los edificios que suben por las colinas que rodean la bahía de Bakú. La Gran Bakú se divide en once distritos y 48 municipios. Destaca en la ciudad la Torre TV Bakú por su gran altura, mide 310 metros.

El Cementerio de los Mártires, delante del Parque Kirov, está dedicado a la memoria de los que perdieron la vida en la guerra contra Armenia y, también, de las 137 personas que murieron el 19 y 20 de enero de 1990 cuando los tanques y las tropas de los soviéticos van a tomar las calles de Bakú. En cada tumba figuran las fotografías de las víctimas. Precisamente el 20 de enero ha sido declarado día nacional.

La base de la economía de Bakú es el petróleo. Se conocía su existencia desde el siglo VIII. Durante el siglo XV el combustible del alumbrado se obtenía excavando pozos superficiales. La explotación comercial comenzó en 1872; a principios del siglo XX el campo petrolífero de Bakú producía la mitad del petróleo del mundo. Hacia finales del siglo XX la mayor parte del petróleo de tierra se había agotado casi por completo, por lo que las prospecciones se extendieron hacia el mar Caspio. Bakú es uno de los principales centros de producción de equipamientos para la industria petrolífera.

La batalla de Stalingrado, durante la Segunda Guerra Mundial, se libró para determinar quién controlaría los campos de petróleo de Bakú.

Durante la época de la Unión Soviética, Bakú fue un destino vacacional con una infraestructura turística, ahora en ruinas, que incluía instalaciones para veraneo en el litoral del Mar Caspio.

Bakú es el mayor centro educativo de Azerbaiyán y cuenta con numerosas escuelas y universidades. Tras el acceso de Azerbaiyán a la independencia, la caída del comunismo permitió el desarrollo de numerosas instituciones privadas. Bakú también alberga la Academia de las Ciencias de Azerbaiyán, fundada en 1945.

Baku Crystall Hall, sede Eurovisión 2012.

La organización de Bakú 2012, encabezada por el gobierno azerí y la televisión pública Ictimai, está trabajando duro para que la producción europea se pueda llevar a cabo en el nuevo complejo que se está construyendo en las inmediaciones de la Plaza de la Bandera, el nuevo Crystal Hall.

El Baku Crystal Hall es la sede que ha seleccionado la cadena pública del país conjuntamente con la Unión Europea de Radiodifusión.

La compañía alemana Alpine Bau Deutschland AG es la constructora encargada de la obra de este nuevo estadio. El contrato firmado acuerda que su construcción se lleve a cabo en ocho meses, a contar desde inicios de agosto de manera que entre la primera y segunda semana de abril estuviera lista.

La producción europea precisa aproximadamente un mes y medio para la puesta en marcha, construcción y puesta a punto del escenario, así como de toda la infraestructura técnica para la emisión del festival de la UER. Baku 2012 tendrá lugar los días 22, 24 y 26 de mayo, por lo que las fechas de la obra del Baku Crystal Hall están bastante ajustadas.

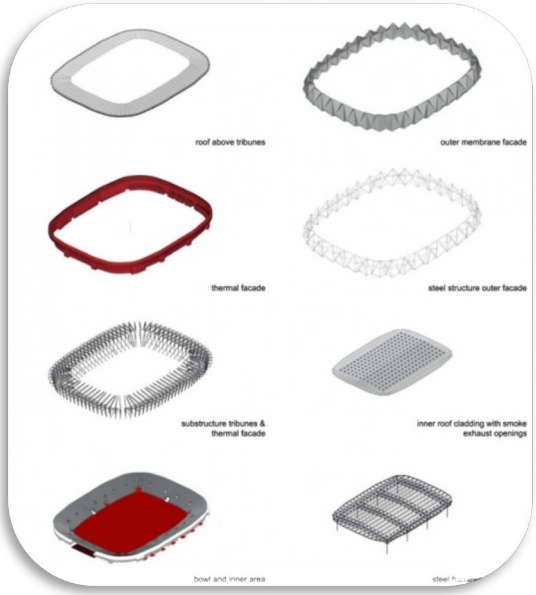

La construcción de este gran complejo tiene, ante todo, alma alemana, la mayoría de las empresas concesionarias de la obra proceden del país centroeuropeo.

Mientras Alpine es la responsable de la planificación y la construcción del estadio, otros compañeros en el proyecto son Gmp International GmbH, Nüssli AG, Basler & Hofmann AG, Seele Austria GmbH & Co. KG y SSF Ingenieure AG.

La trayectoria de Azerbaiyán por el Festival de Eurovision es bastante corta, reciente, y llena de éxitos, pues desde que en el 2008 decidieran participar, no han bajado de un 8º lugar. En el 2011 ganaron el concurso, y ahora se está haciendo un esfuerzo titánico para que el próximo mes de mayo se celebre en Bakú (su capital) la siguiente edición, ¡en un estadio construido en tan solo 8 meses!

Se le conocerá como Baku Crystal Hall, y será un recinto cubierto capaz de alojar diferentes tipos de eventos, con una capacidad para 25.000 espectadores, y con un aspecto exterior que recuerda a las formas cristalinas, pero sobre todo a las estructuras que sus arquitectos han diseñado para otras ciudades, especialmente a los tres estadios para Shenzen (China).

Las obras se iniciaron en agosto del 2011, pero no fue hasta el pasado 25 de enero del 2012 cuando el Baky Crystal Hall se eligió oficialmente como sede del ESC 2012. La pregunta que todos nos hacemos es: ¿cómo se puede realizar un edificio de tales características en tan poco tiempo? La respuesta la encontramos en el tipo de estructura elegida (de acero, en vez de hormigón) y en la capacidad de programación y diseño de los equipos de profesionales implicados, ¡ya que se está diseñando y construyendo en paralelo!

Este proyecto no responde al de una sala de conciertos, estrictamente hablando, sino al de un gran pabellón deportivo cubierto con carácter multifuncional. Su construcción está planificada en tres partes: la *membrana* que forma su fachada, la estructura modular de las gradas, y la cubierta. Semanalmente, y de forma cronológica, se realizan secuencias del edificio según la programación establecida, gestión, y elementos construidos, pero gran parte del éxito se debe a la buena comunicación entre el equipo de diseño y la empresa encargada de su construcción.

El edificio se está construyendo a las orillas del Mar Caspio, en la Plaza de la Bandera Nacional y seguro que se convertirá en un nuevo hito para la ciudad, como un 'puente' entre Europa y Asia, una vez esté completado y luzcan las 9.500 luces LED en la membrana de su fachada. Durante las semifinales y final del Festival de Eurovisión, la capacidad se verá reducida a unos 16.000 espectadores, ya que una parte importante del recinto estará ocupada por el espectacular escenario que un acontecimiento como éste suele tener.

El Baku Crystal Hall ha sido proyectado por *Gerkan, Marg and Partner Architects*, más conocidos por gmp Architekten, en el que también están colaborando Alpine Bau Deutschland AG, y Nüssli International AG.

Presentadores Eurovisión 2012: Eldar, Nargiz y Leyla

Nargiz Berk-Petersen:

Será para ella su primera experiencia a este nivel tan grande pero la televisión azerí confía en ella ya que Nargiz tiene una dilatada carrera en la televisión desde los 16 años. En sus años de estudiante, Narguiz trabajó como reportera en el programa de noticias de Khazar TV en Azerbaiyán.

Mientras estudiaba Derecho en los Estados Unidos trabajó como modelo para poder pagar sus estudios. Tras graduarse, Narguiz ejerció la abogacía en los EE.UU. y Rusia. En la presentación ha declarado que: "He estado siguiendo el Festival de Eurovisión durante muchos años. Ha sido especialmente emocionante ver ganar a mi país, Azerbaiyán. Cuando ganamos, me llené de alegría, e inmediatamente supe que quería ser parte del Festival en 2012. Me siento muy honrada y orgullosa de haber sido seleccionada para ser una de las presentadoras en este evento increíble".

Leyla Aliyeva:

Leyla, músico de formación y una presentadora de televisión por vocación. Ella comenzó su carrera en la televisión en 2005 con la fundación de la Televisión Pública (Ictimai) en Azerbaiyán.

Leyla también es modelo y colaboradora en revistas de moda, así como moderadora en galas y actos públicos, gestión de las ceremonias y la realización de proyectos solidarios. Desde que la televisión azerí se hiciera cargo de sus labores como anfitriona, Leyla ha formado parte de cada presentación y acto que se ha realizado.

"El Festival de Eurovisión es el mayor evento cultural y social que es capaz de hacer que la gente de todos los rangos, razas y nacionalidades se unan en una gran celebración

con la música como protagonista. El fundador del Festival de Eurovisión, Marcel Bezençon, tal vez ni siquiera sabía que el concurso que en principio se creó sólo para Europa Occidental, hoy, cruzaría las fronteras y uniría al Este y el Oeste. Para mí, es un gran honor ser una de las presentadoras de este espectáculo y formar parte de la historia que se escribirá en Bakú en mayo. Vamos a encender el fuego para Eurovisión".

Eldar Gasimov:

Eldar es para el gran público el más conocido de los tres ya que se trata de uno de los componentes del dúo que llevó, precisamente, la victoria hasta Azerbaiyán en la pasada edición de Eurovisión.

El cantante está graduado en la escuela de música en formación vocal, interpretación y retórica. Desciende de una familia de actores reconocidos, sobre todo en el cine azerí. Su proyecto más reciente en el que ha participado ha sido Yuli *Gusman's Fear Not, I'm With You*.

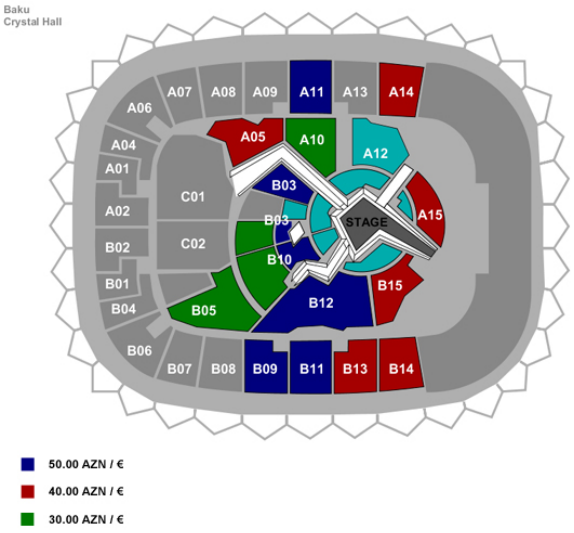

Orgulloso de su asombroso éxito en el Festival de Eurovisión 2011, Eldar está dispuesto a dar lo mejor de sí mismo como presentador del programa que a él le ha reportado tanta felicidad. En la presentación ha declarado: "Es un gran orgullo ser parte del Festival de Eurovisión, y es una felicidad indescriptible y el placer de compartir el escenario presentando el concurso para pasar el espíritu mágico de la música a los millones de personas en todo el mundo que nos ven."

Escenario Eurovisión 2012.

El escenario de eurovisión 2012 ha sido diseñado por Florian Wieder autor de escenarios para MTV Video Music Awards 2010 y 2011, Factor X Alemania, UK y USA o eurovisión 2011 entre otros.

Está equipado con efectos en 3D. Monitores, escáneres y las luces instaladas en diferentes ángulos estarán al servicio del espectáculo. Por primera vez en eurovisión se utilizarán luces móviles que aumentan todavía más el efecto de exposición.

Un espectacular despliegue lumínico, kilos de pirotecnia y la tecnología más avanzada para celebrar la edición número 57 del Festival de Eurovisión por todo lo alto.

El escenario 2012 cuenta con 1300 metros de pantallas LED, 3000 metros de cable, 2500 proyectores lumínicos, 70 unidades móviles y elementos tecnológicos de última generación traídos expresamente desde Alemania para conseguir un espectáculo inolvidable.

La Green Room está integrada como parte del escenario. Está comunicada con una pasarela al escenario principal. La pasarela cruza los asientos destinados a las asociaciones OGAE de toda Europa. Este año los seguidores serán una parte importantísima del espectáculo por eso forman parte, junto con los artistas de la magia del festival.

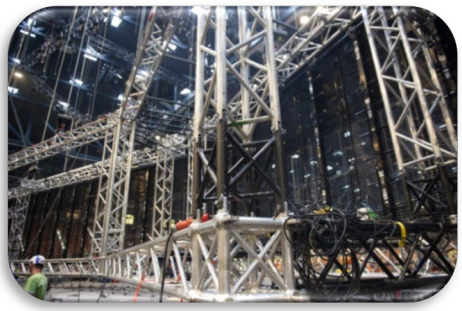

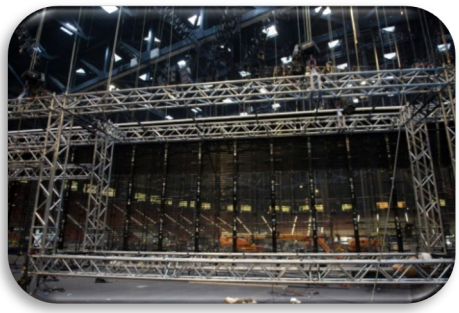

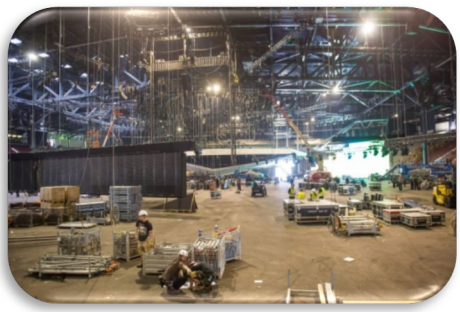

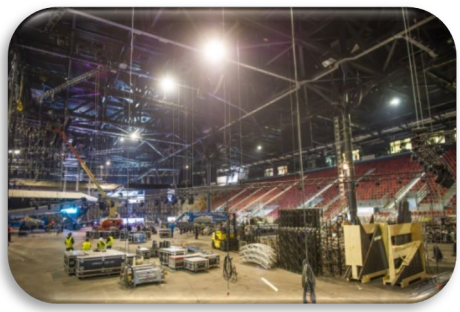

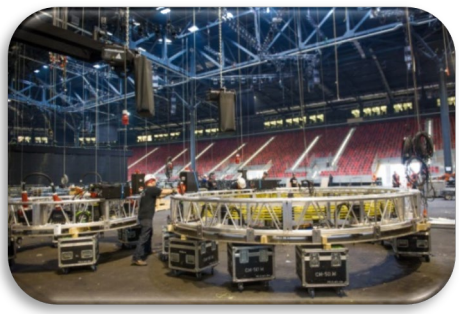

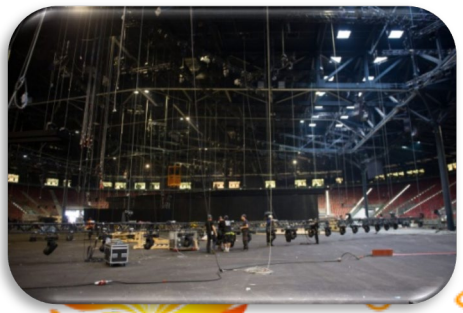

Esta edición cuenta con 25 cámaras de alta definición además de dos válvulas de cine, dos 'Steadicam', 2 cámaras de carril y una 'Spidercam'. Gracias a ésta última permitirá grabar, junto con las cámaras de carril, diferentes ángulos y momentos que tienen lugar al mismo tiempo y que el espectador pueda verlos unidos en su pantalla emitiendo así imágenes más dinámicas de cada actuación.

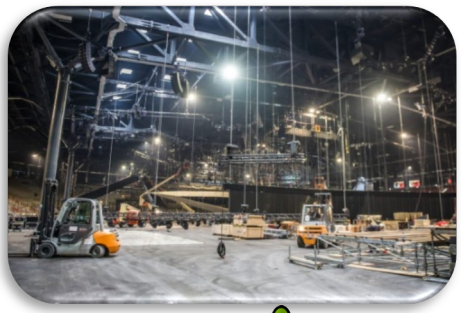

Este año, y en lo referente al sonido, el festival se estrenará en Dolby Surround 5.1 junto con dos sistemas independientes de audio que ofrecerán en alta calidad el sonido vocal de cada uno de los intérpretes que pisarán el escenario.

Una de las innovaciones de este año ha sido la ubicación la Green Room situada en el centro del pabellón integrando así a los participantes del certamen con el público asistente en las tres galas

Letra de la canción:

She's singing softly in the night
Praying for the morning light
She dreams of how they used to be
At dawn they will be free.

Memories they haunt his mind
Save him from the endless night
She whispers warm and tenderly
Please come back to me.

And when the golden sun arises far across the sea
The dawn will break as darkness fades forever we'll be free.

Never forget what I did, what I said
When I gave you all my heart and soul.
Morning will come and I know we'll be one
Cause I still believe that you'll remember me.

She mourns beneath the moonlit sky
Remembering when they said goodbye
Where's the one he used to know
It seems so long ago.

And when the golden sun arises far across the sea
The dawn will break as darkness fades forever we'll be free.

Never forget what I did, what I said
When I gave you all my heart and soul.
Morning will come and I know we'll be one
Cause I still believe that you'll remember me!

Ooohhh

I was born in distant nineteen-eighty
the year that Irish Johnny Logan won
thirty years ago, they still remember
so dream away

I'm singing out my song

When I join this grand parade of winners
and we've made this song a worldwide hit
I will buy oh my own mike to sing in
and all the jobs I've had before I'm surely
gonna quit

Beautiful song is on the radio,

beautiful song that everybody

Beautiful song is on the radio,

beautiful song that everybody

My Mom said I'd grow up to be a singer
And Daddy smiled when gave me my guitar
I do my best, and I'll be so much better
Brightest of the highest and the farthest of
the stars

And on that day when Sir Mick Jagger phones
me
Tell him, please, that I am very busy
writing brand new songs with Paul

So sorry Mick, I'll call you back, someday I'll

Letra de la canción:

Come and find me
I've been hiding from you
Come and get me
Running from you

It's been easy
Easy for you
To believe me
When I say I love you

But what would you do when my house was empty?
My life in a bag and away from you
You took my love for granted would you really miss me?
Any other GUY would do, but would you?

It's a secret
And a question for you
Where I'm at now
What are you gonna do?

If you run here
And look for me now
Are we done here?
Or starting somehow?

But what would you do when my house was empty
My life in a bag and away from you
You took my love for granted would you really miss me?
Any other GUY would do, but would you?
Would you?

It's a twoway street and I know that
But don't look back
Still I wonder, still I wonder…

What would you do when my house was empty?
My life in a bag just to be with you
But when I'm at your door will you say you missed me
Any other GUY would do, yeah any other GUY would do, but would you?

Would you?

Letra de la canción:

Tät intill, doften av oss två
Vänder sig om, samma skjorta i blå
Doften jag känner vorre inget utan dig

Som en sjö utan vatten, som en lykta utan ljus
Ett liv utan färger – det är inte du
Nå'n man ser då man blundar, som en ängel framför
Nå'n som hjälper en och flyga då man glömt hur man gör

Nå'n som hjälper en och flyga då man glömt hur man gör
Ett liv utan färger – det är inte du
Nå'n som glömt alla beskymmer, en kvinna med mod
Nå'n som fattar vad man känner fast man talar utan ord

Sätt dig ner, vi håller din hand
Berätta vem du är, vi finns för varann
Alla minnen vorre inget utan dig

Som en sjö utan vatten, som en lykta utan ljus
Ett liv utan färger – det är inte du
Nå'n man ser då man blundar, som en ängel framför
Nå'n som hjälper en och flyga då man glömt hur man gör

Kär utan känslor eller skratta utan ljud
Ett liv utan färger – det är inte du
Nå'n som glömt alla beskymmer, en kvinna med mod
Nå'n som fattar vad man känner fast man talar utan ord

Som en sjö utan vatten, som en lykta utan ljus

Uh… uh… (I like)

Are you ready for a little chat in a song about the Internet?
It's the story about a social door you've never seen before
If you wanna be seen by everyone
Wanna be in the dream and have some fun
If you wanna be on the hook, simply take a look

Oh oh, uh oh oh…
Everybody loves you so
Uh uh, uh oh oh…
Everybody lets you know

Do you wanna be more than just a friend?
Do you wanna play cybersex again?
If you wanna come to my house
Then click me with your mouse

Hello, uh oh oh…
Never gonna let you go

You're loggin' in, then it begins
And your computer is swinging and taking your time away
The scene is right for a socialite
You're on the Internet, anywhere, anytime, night and day

Oh oh, uh oh oh… (I like)
Everybody loves you so
Uh uh, uh oh oh… (Mi piaci)
Never gonna let you go

So you wanna make love with me?
Am I really your cup of tea?
Are you really the one that you never really meet?

Oh oh, uh oh oh… (I like)
Everybody loves you so
Social network oh… (Mi piaci)
Never gonna let you go

You're loggin' in with just a friend
But soon the Internet's beeping and beeping around the bend
We used to greet friends on the street
But now it's googling, giggling, gaggling when we meet

Beep beep, uh oh oh…
How about a little chat?
Oh oh, network fans
Meet you on the Internet!

Do you really like politics? Wanna talk about voodoo tricks?
Are you really a sex machine or just some beauty queen?
Everybody is better than before
Everybody is calling out for more
Everybody in cyberville is knocking on your door

Beep beep, uh oh oh… (I like)
Everybody does a show
Uh uh, uh oh oh… (Mi piaci)
If you like it, click and go

Do you know that it's instant loggin' in
For a little more fun and cyber sin?
Wanna know what this net's about?
Then how about logging out?

Uh uh, uh oh oh, now I've got a million friends
Goodbye network fans, this is how the story ends

Lala lalalalalala lalalalalalala love
Lala lalalalalala love

Love the way you fill me up with life
Baby we can break the speed of light
Nothing to fear when you are near
Just gimme more

Reaching for the sky, I'm aiming high
Close my eyes and then it's almost like you fly
Up in the air, let's take it there
Never let go

Oh oh oh, I feel the energy between you and me, baby it's so right
Oh oh oh, I feel the energy just taking over me, over me

How I've been waiting for this
Lala lalalalalala lalalalalalala love
Oh I've been waiting for this
Lala lalalalalala lalalalalalala love

From Paris to LA over the night
All around the world just you and I
Nothing to fear, when you are near
We're on a roll

And we do it again, no stop no end
Out of control

Oh oh oh, I feel the energy between you and me, baby it's so right

Changing like the weather
Maybe it's true
Maybe you're not gonna change

I feel like you have two homes
Yet I feel you are homeless
Where we live I feel like a stranger,
When you home I feel even stranger

I live in no man's land
With no way home like you don't understand
Cuz you so here, you so there, not really anywhere...
She said...

Should've known better
Now I miss you, like Sahara miss the rain
Changing like the weather
Maybe it's true
Maybe you're not gonna change

Feels like I'm always
Living out of my suitcase
What about all the years in between
Just trying to find my place

I live in no man's land
With no way home like you don't understand
Cuz you so here, you so there not really anywhere... She said...

We could've written words on a mountain high
Reminding ourselves to keep climbing, right
Sometimes we have to lose
A part of us to find the truth

Nothing more beautiful than the way
You used to breathe me into your lungs and soul
Sometimes we have to say
I'm sorry I can't stay

Should've known better
Now I miss you, like Sahara miss the rain
Changing like the weather
Maybe it's true
Maybe it's true

Oooh... Should've known better
Now I miss you, like Sahara miss the rain
Changing like the weather
Maybe it's true
Maybe we're not gonna change

The whole big world is just one place
You can say it's all the same
You may feel hatreds it sows
We can show it's no way to go
This is the sound of our hearts, if you listen
This is a zeal from above and it can say it all

This is a fever they can't take away
This is the sound of... the sound of... the sound of our hearts

The sound of our hearts
The sound of our hearts

Harmony can be achieved
Just find some way to get connected
Differences may not be wrong
They enrich the things that we know

Different faiths, different views
All we can do is to turn them in key
This is the sound of our hearts, if you listen
This is a zeal from above and it can say it all

This is a fever they can't take away
This is the sound of... the sound of... the sound of...

Out there waiting tonight, she looks nicer than the bright
When she smiles I forget my lyrics
I got blind, I got mad, not from the diamond she had
But from the beauty that put my heart on fire

You have never been to my show
You haven't seen before her looks, that trumpet
But the sound goes straight to your soul, gets you out of control
This trumpet makes you mine, girl

This trumpet makes you mine, girl
(This trumpet makes you mine, girl)
This trumpet makes you mine, girl

Just like from advertise you came down from the skies
On a plane which belongs to your daddy
Welcome to carousel, the one is real but you can't
'Cause too much is no good for her princess

You have never been to my show
You haven't seen before her looks, that trumpet
But the sound goes straight to your soul, gets you out of control

Floodgates, can't wait
Here she comes, shut 'em fast, better shut 'em fast
Too late, swept away
Feel the rush after the fact

Coming up beneath me
Never been in love so deeply before

I am close to the water line
I thought that I'd been over my head for the last time
I'm so close to the water line
And the way I'm loving her now
I know this is bound to go down as the big one

Whistle blast, lights flash
Throw a rope, grab a hold, feel the undertow
She laughs, waves crash
What's the use? I can't let her go

Coming up beneath me
Never been in love so deeply before

I am close to the water line
I thought that I'd been over my head for the last time
I'm so close to the water line
And the way I'm loving her now
I know this is bound to go down as the big one

Letra de la canción:

I was five, you were three
We were dancing in the street
And you looked just like an angel
You looked up and saw the skies
Saw the birds and wondered why
They can fly away so high

In the morning I would wake
And my heart just couldn't wait
To play in your backyard
In the evening I would go
Telling you I love you so
And I couldn't wait to see you again

It's you and me and everybody out there
And I can sing that everybody knows
About you and me but I don't really care for it
I can sing that everybody knows about us

We grew up all in love
Thanking God up above
That we could be together forever
We would never say goodbye
'Cause we promised you and I
But the love couldn't handle time

And I see you walking by
My heart would wonder why
We don't play around no more
Such a shame we have no time
They were wrong, we were right
I still love you, and in my mind

It's you and me and everybody out there
And I can sing that everybody knows
About you and me but I don't really care for it
I can sing that everybody knows about us

So I'm lying in bed thinking about the old days
Thinking about it all and calling out sometimes
Was it wrong or right, was I good enough?

It's you and me and everybody out there
And I can sing that everybody knows
About you and me and everybody out there
And I can sing that everybody knows
About you and me but I don't really care for it
I can sing that everybody knows about us

I'll make it alright, I'll make it for you
We're breaking down the walls
We are the heroes

As I stand beneath the staring sky
I just lose faith in gravity
And it feels like I can learn to fly
Bring to life all my fantasies

You're not alone, we're against them all
Hold on to me, I'll never let you fall
Even if someday our love is gone
I will not give up

Whatever's standing in my way we'll make it through the day
'Cause we are the winners, we are the heroes
We're breaking down the walls, we're gathering them all
'Cause we are believers, we are the dreamers

No matter what they say, no matter what they do
I'll make it alright, I'll make it for you
We're breaking down the walls
We are the heroes, we are the heroes

Whatever's standing in my way we'll make it through the day
'Cause we are the winners, we are the heroes
We're breaking down the walls, we're gathering them all
'Cause we are believers, we are the dreamers

No matter what they say, no matter what they do
I'll make it alright, I'll make it for you
We're breaking down the walls
We are the heroes

Letra de la canción:

Sigo as ruas da cidade, velha, escura, imperfeita
Cheira a beijos de saudade, numa praça que se enfeita
Há uma criança que corre, uma vizinha que espreita
E em mim só segue o desejo de chegar p'ra te abraçar

E em mim só segue o desejo de chegar p'ra te abraçar

Se fosses luz, amor, ai luz do dia
Sorriso inspirador de fantasia
Se fosses água, amor, qual água pura
Que mata a sede à flor da ternura

Se fosses luz, amor, ai luz do dia
Sorriso inspirador de fantasia
Mas entre tudo que possas ser na vida
Só quero, meu amor, sejas vida minha

E em mim só segue o desejo de chegar p'ra te abraçar

Se fosses luz, amor, ai luz do dia
Sorriso inspirador de fantasia
Se fosses água, amor, qual água pura

Kot med dlanmi da odteče pesek časa

Še pesem našla si pot bo do rim če grem za njim

I'm a lonely sailor drinking the night away
My ship is made from hope
She's searching for your bay
But you don't care

Hop on to my ship, baby, I'll make you fly
You love me and you know that, baby, don't you lie
Like me like I like you and say na nani nani nani na...

Oh, oh oh... we need a bit of rock 'n' roll
Baby, don't you crush my soul and make me fall
Oh, hey hey, baby, love me back today
Don't you rock ever sink my ship and sail away

Hop on to my ship, baby, I'll make you fly
You love me and you know that, baby, don't you lie
Like me like I like you and say na nani nani nani na...
Na nanani nanana nanana na na...

A sailor's passion can always conquer the oceans
Sing with me, my children
Hop on to my ship, baby, I'll make you fly
You love me and you know that, baby, don't you lie

God save me

Hey, where is the way to heaven's hell
That's what I ask when I feel broken

Look around what's happening abounds
And listen to the frequency of a sound
Of the beat, of a heartbeat, of your death beat

Don't close your eyes
And pray all the night
Try to call all angels
To save our lives

How do you feel now?
After all fails in love
Embraced by devil's arms

Look around what's happening abounds
And listen to the frequency of a sound
Of the beat, of a heartbeat, of your death beat

Don't close your eyes
And pray all the night
Try to call all angels
To save our lives

Let me get out of here
Let me get out of here
Let me get out of here
Let me get out of here

Save me

Don't close your eyes (Stay awake)
And pray all the night (Say your prayer now)
Try to call all angels (Angels above)

Start moving to the rhythm, heart is pumping the beat

Better start running if you can't stand the heat
What's it doing to me? I feel it setting me free
It's like I'm losing all control
You know it's making me hot and baby I don't stop
It's like a fire in my soul
I don't know what I'm doing tonight
But this rushing is making me stronger
I don't know if it's wrong or it's right
But I know I want you to stay
Nana nana nana, stay
Nana nana nana
Heart beats faster as I stand in the crowd
My meters are peaking, I can tell you're around
It's like I wanna (shout out), nothing can pull me (down now)
Sirens are calling and I can't kill the sound
What's it doing to me? I feel it setting me free
It's like I'm losing all control

I opet sve to prezirem dok se pred tobom branim

Nemoj mi kvariti dan, nikad mi nije bilo teže

So graceful and pure
A smile bathed in light
No matter the distance
A miracle of sight

Though I should have known
I could not turn away
When faced with your beauty
No reason can stay

As you kiss him in the moonlight
With heavy words I say

If you love someone
Follow your heart
'Cause love comes once
If you're lucky enough
Though I'll miss you forever
The hurt will run deep
Only love can set you free

Trust in your dreams
Run with no fear
And if you should stumble
Remember I'm near

As a ghost I will walk
I'll look deep in my soul
I might find another
You gave me that hope

So as you kiss him in the moonlight
With heavy words I say

If you love someone
Follow your heart
'Cause love comes once
If you're lucky enough
Though I'll miss you forever
And the hurt will run deep
Only love can set you free

And if you love someone
Follow your heart

The whole big world is just one place
You can say it's all the same
You may feel hatreds it sows
We can show it's no way to go
This is the sound of our hearts, if you listen
This is a zeal from above and it can say it all

This is a fever they can't take away
This is the sound of... the sound of... the sound of our hearts

The sound of our hearts
The sound of our hearts

Harmony can be achieved
Just find some way to get connected
Differences may not be wrong
They enrich the things that we know

Different faiths, different views
All we can do is to turn them in key
This is the sound of our hearts, if you listen
This is a zeal from above and it can say it all

This is a fever they can't take away
This is the sound of... the sound of... the sound of...

I sve te manje poznajem a nisam tako htjela

K'o da kradem te od svih samo za sebe
Nek' te ostave, nek' mi ne diraju tebe
I krv i dušu otrujem najgore kad te ranim
I opet sve to prezirem dok se pred tobom branim

Nemoj mi kvariti dan, nikad mi nije bilo teže
Ti nisi živio sam u zlatu paukove mreže
Kao ja, život za tebe me veže
Da l' će ikad lakše sve biti il' teže, ej…

Kad jednom cijeli život naš mirno na kocku staviš
K'o da nismo nikad rekli mi, "dok nas smrt ne rastavi"

Nemoj mi kvariti dan, nikad mi nije bilo teže
Ti nisi živio sam u zlatu paukove mreže
Kao ja…
Kao ja…

Korake ti znam

Letra de la canción:

She‘s singing softly in the night
Praying for the morning light
She dreams of how they used to be
At dawn they will be free.

Memories they haunt his mind
Save him from the endless night
She whispers warm and tenderly
Please come back to me.

And when the golden sun arises far across the sea
The dawn will break as darkness fades forever we‘ll be free.

Never forget what I did, what I said
When I gave you all my heart and soul.
Morning will come and I know we‘ll be one
Cause I still believe that you‘ll remember me.

She mourns beneath the moonlit sky
Remembering when they said goodbye
Where‘s the one he used to know
It seems so long ago.

And when the golden sun arises far across the sea
The dawn will break as darkness fades forever we‘ll be free.

Never forget what I did, what I said
When I gave you all my heart and soul.
Morning will come and I know we‘ll be one
Cause I still believe that you‘ll remember me!

Ooohhh

Never forget what I did, what I said
When I gave you all my heart and soul.
Morning will come and I know we‘ll be one
Cause I still believe that you‘ll remember me!

Lala lalalalalala lalalalalala love

Love the way you fill me up with life
Baby we can break the speed of light
Nothing to fear when you are near
Just gimme more

Reaching for the sky, I'm aiming high
Close my eyes and then it's almost like you fly
Up in the air, let's take it there
Never let go

Oh oh oh, I feel the energy between you and me, baby it's so right
Oh oh oh, I feel the energy just taking over me, over me

How I've been waiting for this
Lala lalalalalala lalalalalalala love
Oh I've been waiting for this
Lala lalalalalala lalalalalalala love

From Paris to LA over the night
All around the world just you and I
Nothing to fear, when you are near
We're on a roll

And we do it again, no stop no end
Out of control

Oh oh oh, I feel the energy between you and me, baby it's so right
Oh oh oh, I feel the energy just taking over me, over me

How I've been waiting for this
Lala lalalalalala lalalalalalala love

You and I, you and I
J'entends l'écho de nos pas, tous en cadence
Marche au pas, jamais dans le même sens
On avance, mais on court après quoi?
J'entends l'écho de nos rêves, de nos envies
Au-delà du jour, jusqu'à la nuit
On s'entraine et on court après quoi?
On se perd, on s'espère
Quelque part, on s'égare
Un jour au-delà
On se retrouvera
In my dreams, in my dreams
In my heart, in my mind
I see you and I, there is you and I
J'entends l'écho de nos pas qui se balancent
Çà et là, toujours sur la même danse
On avance, mais on court après quoi ?
On se perd, on s'espère
Quelque part, on s'égare
Un jour au-delà
On se retrouvera
In my dreams, in my dreams
In my heart, in my mind
I see you and I, there is you and I
There is you and I, there is you and I
J'entends l'écho de ta voix s'éloigner de moi
L'écho d'un amour un jour reviendra
Il m'entraine et je cours après toi
On se perd, on s'espère

Ma che caldo fa oggi la città
Ha un martello nella testa che fa boom, boom, boom
Pioggia isterica, sai che novità
La gente che mi giudica e tu boom, boom, boom

Non so se tornerai, non so se ci sei
Non mi chiami mai, no, no, no, no
Dimmi se piangi mai?
Dimmi dove vai quando ti vorrei

L'amore è femmina, se non riceve non si da
La prendo comoda, calcolo le possibilità
Quello che vuoi se non ce l'hai
Diamo tutti insoddisfatti, come mai?
Femmina, se non riceve non si da,
lalalalalalala

Sento il panico, cerco ossigeno
La paranoia sale e tu butti giù
Non pretendere che sia semplice
Ho un martello dentro al cuore che fa boom, boom, boom

Non so se tornerai, non so se ci sei
Non mi chiami mai, no, no, no, no
Dimmi se piangerai?
Dimmi dove vai quando ti vorrei

L'amore è femmina, se non riceve non si da
La prendo comoda, calcolo le possibilità
Quello che vuoi se non ce l'hai
Siamo tutti insoddisfatti, e soli ormai
Femmina, se non riceve non si da,
lalalalalalala

Ma che caldo fa
Confesserò che no mi perdo niente davvero
Ho immaginato noi due solo col pensiero

L'amore è femmina, non riceve non si da
La prendo comoda, calcolo le possibilità
Quello che vuoi se non ce l'hai
Siamo tutti insoddisfatti, come mai
Femmina, se non riceve non si da,

I hear the music as I walk down the street
Start moving to the rhythm, heart is pumping the beat
I hear the people shout out: "Turn up the music louder"
Better start running if you can't stand the heat
What's it doing to me? I feel it setting me free
It's like I'm losing all control
You know it's making me hot and baby I don't stop
It's like a fire in my soul
I don't know what I'm doing tonight
But this rushing is making me stronger
I don't know if it's wrong or it's right
But I know I want you to stay
Nana nana nana, stay
Nana nana nana
Heart beats faster as I stand in the crowd
My meters are peaking, I can tell you're around
It's like I wanna (shout out), nothing can pull me (down now)
Sirens are calling and I can't kill the sound
What's it doing to me? I feel it setting me free
It's like I'm losing all control
You know it's making me hot and baby I don't stop
It's like a fire in my soul
I don't know what I'm doing tonight
But this rushing is making me stronger
I don't know if it's wrong or it's right
But I know I want you to stay, nana nana nana
Stay, nana nana nana
What can move your body baby?
You better... nana nana nana
You better... nana nana nana
Come on now, what can move your body, baby?
You better... nana nana nana
You better...
I don't know what I'm doing tonight
But this rushing is making me stronger

But you were cold cold cold

But I, still wanna keep us alive
But it's cold cold cold cold

When the music dies
It's all black and white
And there's no sunrise
When the music dies

Now you, you can't even look at me
You say you're not gonna speak to me
Oh oh oh oh

Now every second that my heart skips it ends
But I, still wanna keep us alive
But it's cold cold cold cold

When the music dies
It get's cold when there's no sunrise
So cold, now every second that my heart skips it ends

Now I miss you, like Sahara miss the rain
Changing like the weather
Maybe it's true
Maybe you're not gonna change

I feel like you have two homes
Yet I feel you are homeless
Where we live I feel like a stranger,
When you home I feel even stranger

I live in no man's land
With no way home like you don't understand
Cuz you so here, you so there, not really anywhere...
She said...

Should've known better
Now I miss you, like Sahara miss the rain
Changing like the weather
Maybe it's true
Maybe you're not gonna change

Feels like I'm always
Living out of my suitcase
What about all the years in between
Just trying to find my place

I live in no man's land
With no way home like you don't understand
Cuz you so here, you so there not really anywhere... She said...

We could've written words on a mountain high
Reminding ourselves to keep climbing, right
Sometimes we have to lose
A part of us to find the truth

Nothing more beautiful than the way
You used to breathe me into your lungs and soul
Sometimes we have to say
I'm sorry I can't stay

Should've known better
Now I miss you, like Sahara miss the rain
Changing like the weather
Maybe it's true
Maybe it's true

Oooh... Should've known better
Now I miss you, like Sahara miss the rain
Changing like the weather
Maybe it's true
Maybe we're not gonna change

Like me like I like you and say na nani nani nani na...

Oh, oh oh... we need a bit of rock 'n' roll
Baby, don't you crush my soul and make me fall

Guess we knew this was coming on
'Cause you're already gone in my head
You can tell me that I'm wrong
That you're staying with me instead
The wind has come along and summer's dead and gone

Is there anything left here to say?
I can put my arms around the emptiness I found

Find a way to make you stay
But I'm standing still, I'm standing still
As you leave me now

I'm standing still, I'm standing still
As you're walking out
I'm just standing still

Never thought I'd be so strong
But pieces of me break so easy
What I thought would be the end
Is just the feeling that you freed me
Girl this ain't giving up, it's knowing where to stop

Knowing everything is over
I know my love is blind, I see for the first time
Things ain't gonna bring us closer
But I'm standing still, I'm standing still
As you leave me now, yeah
I'm standing still, I'm standing still
As you're walking out

Letra de la canción:

Floodgates, can't wait
Here she comes, shut 'em fast, better shut 'em fast
Too late, swept away
Feel the rush after the fact

Coming up beneath me
Never been in love so deeply before

I am close to the water line
I thought that I'd been over my head for the last time
I'm so close to the water line
And the way I'm loving her now
I know this is bound to go down as the big one

Whistle blast, lights flash
Throw a rope, grab a hold, feel the undertow
She laughs, waves crash
What's the use? I can't let her go

Coming up beneath me
Never been in love so deeply before

I am close to the water line
I thought that I'd been over my head for the last time
I'm so close to the water line
And the way I'm loving her now
I know this is bound to go down as the big one

Floodgates, can't wait
Here she comes, shut 'em fast
Better shut 'em fast
Too late, swept away
Feel the rush

I am close to the water line
And the way I'm loving her now
I know this is bound to go down as the one

I am close to the water line
I thought that I'd been over my head for the last time
I'm so close to the water line
And the way I'm loving her now
I know this is bound to go down as the big one

Letra de la canción:

Više sreće drugi put
Kažeš mi to tako lako
Vidim da nam ne ide
A još kako moglo je

I ako odeš ti nešto tvoje znaj tu ce ostati

Nije ljubav stvar da bi ti je vratio
Gledaj to sam samo ja, uvek sam te voleo
Nije ljubav stvar pa da ne znam šta ću s njom
Želim ti sve najbolje, ova ljubav samo moj je brodolom

Nije tvoja ljubav stvar da bi ti je vratio
Gledaj to sam samo ja, uvek sam te voleo
Nije moja ljubav stvar pa da ne znam šta ću s njom
Želim ti sve najbolje, to moj je brodolom

Idi, samo samo, idi tamo
Leti, pevaj, srce drugome daj
Al znaj da zbogom nije kraj

Nije moja ljubav stvar pa da ne znam sta ću s njom
Želim ti sve najbolje, ova ljubav samo moj je brodolom

Welcome, girl and boy
Take my hand
Let's enjoy
From the bottom of my heart
I wish you the best
Now you can be my guest

Yeah
You can be my guest
You can be my guest

Now you can be my guest
Now you can be my guest
Oh
Yeah
Now you can be my guest
Oh
Yeah

Welcome
Stay with me
Be my friend
You are free
To live your life
To share your love with the world

Hey
So now you can count on me
Tell me I'm your friend
I'll do anything for you
From the bottom of my heart
I wish you
I wish you the best

Yes, people
Be my guest
Now you can be my guest
Whoa!
Ow you can be my guest
Yeah
Welcome people!

I'm always here for you
And you know I care for ya
Just remember
I love forever you
Yeah!

Hey ooooooo Yeah yeah!

Letra de la canción:

Out there waiting tonight, she looks nicer than the bright
When she smiles I forget my lyrics
I got blind, I got mad, not from the diamond she had
But from the beauty that put my heart on fire

You have never been to my show
You haven't seen before her looks, that trumpet
But the sound goes straight to your soul, gets you out of control
This trumpet makes you mine, girl

This trumpet makes you mine, girl
(This trumpet makes you mine, girl)
This trumpet makes you mine, girl

Just like from advertise you came down from the skies
On a plane which belongs to your daddy
Welcome to carousel, the one is real but you can't
'Cause too much is no good for her princess

You have never been to my show
You haven't seen before her looks, that trumpet
But the sound goes straight to your soul, gets you out of control
This trumpet makes you mine, girl

(This trumpet makes you mine, girl)

You have never been to my show
You haven't seen before her looks, that trumpet
But the sound goes straight to your soul, gets you out of control
This trumpet makes you mine, girl

You… (have never been to my show)
You haven't seen before her looks, that trumpet
But the sound goes straight to your soul, gets you out of control
This trumpet makes you mine, girl

This trumpet makes you mine, girl
(This trumpet makes you mine, girl)

This trumpet makes you mine, girl
